

PRATHAM GHAVRI

ACADEMIC PROFILE									
Degree/Certificate		Institution					Percentage/CGPA		Year
IDD		Mechanical Engineering IIT (BHU), Varanasi					8.19		2026
Sem I	Sem II	Sem III	Sem IV	Sem V	Sem VI	Sem VII	Sem VIII	Sem IX	Sem X
8.93	9.34	8.22	6.76	7.72	8.24	-	-	-	-
CBSE (XII)			BAL BHARTI PUBLIC SCHOOL				95.80		2021
CBSE (X)			BAL BHARTI PUBLIC SCHOOL				95.80		2019
SKILLS									
• Languages and Libraries : C++,STL,Python,NumPy,Pandas,Matplotlib,Sklearn,Tensorflow,Seaborn,Pytorch,Keras • Tools & Technologies : SQL,VS Code,PowerBi,Jupyter Notebook,MATLAB,Mathematica,Google Collab • Areas of Interest : Probabilistic Machine learning,3 D Imaging ,Neural Networks,Predictive analytics									
INTERNSHIP/TRAINING									
Data Science Internship Ethereal Machines							June 2024 - July 2024		
<i>Worked in the R&D team developing CNC controllers for 5-axis CNC machines.</i>									
• Tasked with automating the CAPP (Computer-Aided Process Planning) process by identifying machinable features. • Used parametrically generated synthetic dataset of 24,000 CAD models ,employed data augmentation techniques. • Used Grad-CAM to visualize model operations and improve performance via insightful analysis and enhancements. • Built 3D CNN model capable of identifying 24 unique labels with an accuracy of 94%, using Binvox and TensorFlow.									
Data Analytics Internship Birlasoft							December 2023		
• Tasked with developing interactive dashboards for monthly reporting requirements of the Delivery function. • Defined user personas to create cockpit views of incident tickets raised using DAX programming in Power BI. • Implemented data extraction, data integration and data cleaning using PostgreSQL based on BRD requirements.									
PROJECTS									
Tribometer Analysis of Mining Tooth Material Under Prof. Zaheer Khan									
• To increase the tool life of mining tooth material, aiming to minimize replacement costs associated with mining teeth. • Evaluated wear rates of different materials through pin on disc tests on EN 24 and laser-cladded EN 24.									
Microstructure Analysis of Cu-Ag Alloy Under Prof. Srihari Dodla									
• Utilized OOF2 and Abaqus for FEA analysis of micrographs to simulate stress-strain curve of Cu-Ag Alloy. • Performed Data Augmentation techniques to expand a dataset of Copper-Silver alloy micrographs. • Made CNN for feature extraction along with volume fraction to predict stress-strain curve over a micrograph region.									
Blood Component analysis using LOCD Micro-Fluidics									
• Designed and optimized disc channels for efficient blood plasma separation through improved shape analysis. • Trained regression model using blood samples with TSH, iodine, and sugar levels from gold standard tests.									
CERTIFIED COURSES									
• Course-Work - Probability and Statistics(MA-202),Game Theory (CSO-445),Numerical Techniques(MA-201)									
POSITION OF RESPONSIBILITY									
Core Team Member The Business Club, IIT (BHU)									
• Strategized the Business Club orientation for 800+ freshers, introducing them to 4 core business verticals. • Led events & worked with 30+ team to execute the club's flagship event - BASH 5.0 with 1700+ registrations									
HONOURS AND ACHIEVEMENTS									
• National Finalist (Top 10) in PMx, largest product case competition, by E-Cell, IIT Guwahati among 1800+ teams. • National Finalist (Top 10) in UltimatePM, a product case competition by IIM, Sambalpur among 300+ teams. • Among the Top 15 teams from 700+ participants in CasEx, consulting case competition held by E-Cell,IIT BHU
